**10. Entoure is an organisation with a shared passion for kids, sport and life. However I also have a serious passion for animals. Over 200,000 innocent pound dogs are euthanised in Australia each year. Thats 574 unnecessarily euthanised dogs each day and this figure will continue to increase whilst pet ownership continues to be un-regulated. If you were to add the same figures for cats then the total number of euthanised animals sky rockets. If we were to stage an additional event that specifically targeted initiatives that prevented the unnecessary death of dogs in Australia would you participate/support it? Kent**
